

INTERACT PARENT/CARER NEWSLETTER

OCTOBER 2026

to the October 2026 release of the
INTERACT newsletter!

This newsletter aims to keep you up to date with the latest developments of the study and key information you may need.

The study is looking at an intervention to support communication skills in children and young people with PMLD.

We are very grateful to all parents/carers who were able to complete the questionnaires so far. Your contribution to this important research is greatly appreciated!

Voucher

As a thank you for taking part, you will receive a £15 voucher after completing the final questionnaire for the study.

Training

Parents/carers that have not yet received Intensive Interaction training will be offered this after completing the final questionnaire.

Next steps for Parents/Carers

We look forward to contacting you again in November 2026 regarding completing the final questionnaire. This can be completed online or a researcher can support you to complete it over the phone. The questionnaire should take approx. 45 minutes.

You said, we did...

We really appreciate parents/carers who took part in an interview about their experience of taking part in the study. This information was extremely helpful to us and will be used to improve study processes and intervention training resources.

You may have recently received an email with a link to a survey about your experience of taking part in the study. The feedback you provide is incredibly valuable and will help us improve the way we run studies in the future. If you have not already done so, we would appreciate it if you could complete the survey.

QUERIES AND QUESTIONS

If you have any questions about the INTERACT study, please contact us using the details below. We aim to respond promptly during working hours (9 am to 5 pm, Monday to Friday).

If you have a concern about your child/young person, or they experience an incident, event, negative change (e.g. to their communication or behaviour), or out of character distress that may be related to taking part in the INTERACT trial, please report this to the INTERACT team at the University of York by telephone (01904 325157) as soon as possible.
